

## COVID Safe Plan for Kindifarm

### Well-being of Staff and Visitors

- Staff do not come to work if unwell.
- Kindifarm vehicles air-conditioning set to external airflow rather than recirculation.
- Kindifarm staff do not gather at Kindifarm to chat.

### Physical Distancing

- Outdoor set-ups recommended where possible.
- Kindifarm staff follow any existing social distancing procedures at locations we visit.
- Kindifarm staff encourage parents/caregivers/ teachers to pass the animals around where possible.
- 1.5m distance between people. Spread children out. Avoid facing children towards each other.
- Limit the number of children participating at one time so social distancing can be achieved.
- 1 staff member at a time in the kitchen at Kindifarm

### Hygiene and Cleaning

- Washing hands with running water and soap is best. Please encourage all children to do this before and after the animal encounters.
- Kindifarm provides hand sanitiser at all times at visits
- Surfaces are disinfected and cleaned at Kindifarm after every visit.
- Disposable gloves and masks are available for Kindifarm staff use.
- We bring extra equipment to reduce sharing of touched surfaces.
- Animal carriers, food bowls, snuggle sacks are cleaned after each visit.
- Vehicle hand touch areas are disinfected after each visit.

### Record keeping

- The [COVIDSafe app](#) is recommended to staff
- Staff to cooperate with NSW Health if contacted in relation to a positive case of COVID-19 at your workplace, and notify SafeWork NSW on [13 10 50](#).
